

November 1st							
TIME		Plenary Room	Parallel Hall 1	Parallel Hall 2	Parallel Hall 3	Parallel Hall 4	Parallel Hall 5
9:00	11:00	Parallel Session BRAIN 1 Neurodevelopmental outcome and congenital heart disease	Parallel Session RESUSCITATION New techniques for optimising newborn resuscitation	Parallel Session EFCNI 1 Pain reduction – does a partnership with parents reduce pain in newborns?	Parallel Session What can we learn from Neonatal Networks	Parallel Session NUTRITION 1 Neonatal Nutrition updates	Parallel Session CIRCULATION 1 Who owns the placental blood?
11:00	11:30	Coffee break/poster walk					
11:30	12:30	Plenary Session Regenerative Medicine (were we stand)					
12:30	13:30	LUNCH					
13:30	15:00	Poster Session	Poster Session	Poster Session	Poster Session	Poster Session	Poster Session
15:00	17:00	Parallel Session PULMONOLOGY 1 Pro – con debate nCPAP vs HFNC	Parallel Session BRAIN 2 Neonatal surgery and brain injury	Parallel Session NUTRITION 2 Nutrition and the Brain	Parallel Session PHARMA 1 CHALLENGES IN NEONATAL DRUG DEVELOPMENT	Parallel Session CIRCULATION 2 What should we monitor? Global haemodynamics (systemic blood flow), end-organ perfusion (regional blood flow) or the microcirculation (capillary blood flow)?	Parallel Session EFCNI 2 Family centred developmental supportive care – evidence or philosophy?
17:00	17:30	coffee break/poster walk					
17:30	18:30	Plenary Session Bengt Robertson award					

November 2nd

TIME		Plenary Room	Parallel Hall 1	Parallel Hall 2	Parallel Hall 3	Parallel Hall 4	Parallel Hall 5
8:30	10:30	Plenary Session 5 Young Investigator Prize session				Neonatologist Performed Echocardiography (NPE)	
10:30	11:00	<i>coffee break/poster walk</i>					
11:00	12:30	Parallel Session PULMONOLOGY 3 Severe BPD	Parallel Session BRAIN 3 Transition to adult life	Parallel Session EFCNI 3 Bridging the gap between neonatal palliative care and developmental care	Parallel Session EPIDEMIOLOGY 1 OUTCOME MEASURES IN CLINICAL STUDIES OF PRETERM BABIES	Neonatologist Performed Echocardiography (NPE)	Parallel Session Infectious Diseases
12:30	13:30	<i>LUNCH</i>					
13:30	14:30	Poster Session	Poster Session	Poster session	Poster Session	Poster Session	Poster Session
14:30	16:30	Parallel Session	Parallel Session OXYGENATION IN THE NEWBORN AND INFANT PERIOD	Parallel Session PULMONOLOGY 2 Ventilation support session Update on NIVM	Parallel Session EFCNI 4 Digital patient care – the new dimension?	Parallel Session NUTRITION 3 Nutrition of the ELBW: Improving Nutritional Care	Parallel Session BRAIN 4 Biomarkers in term neonatal encephalopathy: miRs, proteins metabolomics
16:30	17:00	<i>coffee break/poster walk</i>					
17:00	18:00	Plenary Session Will Big Data will change the future?					

November 3rd

TIME		Plenary Room	Parallel Hall 1	Parallel Hall 2	Parallel Hall 3	Parallel Hall 4	Parallel Hall 5
8:00	9:00		ESN Business Meeting				
9:00	11:00	Parallel Session EFFECT OF STRESS IN THE DEVELOPING CHILD	Parallel Session BRAIN 7 Neuroprotection EPO trial	Parallel Session PHARMA 2 NEW INSIGHTS IN FUTURE NEONATAL CARE	Parallel Session PULMONOLOGY 4 PHYSIOLOGY	Parallel Session CIRCULATION 3 Training guidelines for Neonatologist Performed Echocardiography (NPE) - an intercontinental debate	Parallel Session EFCNI 5 MEASURING QUALITY OF CARE IN NEONATAL CARE
11:00	11:30	<i>coffee break/poster walk</i>					
11:30	12:30	IPRF PLENARY SESSION					
12:30	13:30	<i>LUNCH</i>					
13:30	15:00	Poster Session	Poster Session	Poster Session	Poster Session	Poster Session	Poster Session
15:00	17:00	Parallel Session BRAIN 6 CMV cellular and molecular mechanisms	Parallel Session PULMONOLOGY 5 (STERIODS IN NEONATOLOGY) PHARMACOLOGICAL LUNG PROTECTION	Parallel Session EPIDEMIOLOGY 2 PERINATAL EPIDEMIOLOGY	Parallel Session NUTRITION 4 Human milk feeding for the preterm infant	Parallel Session	Parallel Session COINN
17:00	17:30	<i>coffee break/poster walk</i>					
17:30	18:30	Plenary Session The Need of Multidisciplinary Approaches in Research	ESPR Business Meeting	National Society poster session			
18:30	19:00						

November 4th

TIME		Plenary Room	Parallel Hall 1	Parallel Hall 2	Parallel Hall 3	Parallel Hall 4	Parallel Hall 5
9:00	11:00	PARALLEL SESSION Sensory outcomes Long term effects of neonatal pain	Parallel Session BRAIN 5 ROLE OF MITOCHONDRIA AND AUTOPHAGY IN PERINATAL BRAIN DAMAGE	Parallel Session PULMONOLOGY 6 Fetal growth – size matters	Parallel Session NUTRITION 5 Upper limit of protein supplementation	Parallel Session	Parallel Session EFCNI 6 Bridging the gap between hospital and out-patient care for hospitalised newborns
11:00	11:30	<i>coffee break/poster walk</i>					
11:30	13:00	Closing session PERSONALIZED MEDICINE					

October 31st

TIME		Plenary Room	Parallel Hall 1	Parallel Hall 2	Parallel Hall 3	Parallel Hall 4
9:00	13:00	VENTILATORY SUPPORT- MATCHING PHYSIOLOGY ?	MULTIMODAL NEURO- IMAGING AND NEURO- MONITORING IN NEONATES	EFCNI course	CONTROVERSY IN PHARMACOLOGY	ESN CIRCULATION COURSE
13:00	14:00					
14:00	17:30				NEONATAL GASTROENTEROLOGY, SURGERY AND NUTRITION	
17:30	18:30	Opening Ceremony
